INDEX TO VOLUME X

AUTHORS INDEX

A

ABSTRACTS, 112, 183, 242, 314, 280, 442, 511, 587, 665, 747, 819

B

BAKER, CHARLES R. Similarity of malocclusion in families, 459
— The importance of radiography in orthodontia, 566
BAKER, LAWRENCE R., FERNALD, ADELBERT, AND BLUMENTHAL, FRED R. Symposium on the results of case teaching at the Harvard Clinic, 400
BELL, W. J. A hook and eye or pin and loop system, 19
— Retention of Class II and Class III cases, 645
BLUE, JAMES A. The advantage of rigid films of various sizes in radiographing the mouth, 309
BLUM, THEODOR. The value of the dental hygienist to the oral surgeon, 42
BLUMENTHAL, FRED R. (*See* Baker, Fernald and Blumenthal), 400
BOWMAN, NEWTON H. Nasal and pharyngeal infections in relation to orthodontia, 691
BRIDGMAN, OLGA. Some notes on practical child psychology, 463
BROPHY, TRUMAN W. Fundamental principles and recent conclusions in surgery of congenital cleft palate, 548
BYINGTON, C. E. Case Reports, 356
— Clinic, 295

C

COHN, M. L. The need for systematized dental therapy in children, 794
CONOVER, C. STERLING. The use of overlays on deciduous molars in the early treatment of deep overbite cases, 260
CROZAT, GEORGE B. Case report, 362
— President's address before the Alumni Society of the Dewey School of Orthodontia, 262

D

DAVIS, EDWARD D. D. The causes and effects of mouth breathing, 483
DEAN, J. CAMP. A consideration of the economic treatment of deciduous teeth, 13
DELABARRE, FRANK A. A survey of ten years of orthodontic practice, 719
DENTAL NOMENCLATURE. A report of the Committee of the Eastern Association of the Graduates of the Angle School of Orthodontia, 290
DEWEY, MARTIN. Changes in the nasal and oral cavity as a result of orthodontic treatment, 23
DODGE, C. H. The control of pain in oral surgery, 500
DUCKWORTH, T. G. President's address before the Southwestern Society of Orthodontists, 255
DUKE, W. W. Medical aspect of oral diagnosis, 494

E

ENGSTROM, CARL O. Notation of orthodontic treatment using the Engstrom record card, 421
ERSNER, WILLIAM. Some accidents and complications in exodontia, 651

F

FEDERSPIEL, M. N. A clinical report regarding a case of osteoma involving the maxilla, 654
FERNALD, ADELBERT. (*See* Baker, Fernald and Blumenthal), 400
FISHER, WILLIAM C. Responsibilities of the specialist in orthodontics, 90
FRANKEL, JULES. Analgesia in oral surgery, 370

G

GETZOFF, S. M. The dental roentgenologist, 101
GOLDMAN, AARON, AND GOLDMAN, JULIUS D. Gas-oxygen anesthesia for extractions and oral surgery, 805
GOLDMAN, JULIUS D. (*See* Goldman and Goldman), 805
GRAY, B. FRANK. Report of case, 727
GUYER, M. F. Abnormalities of teeth and jaws from the standpoint of inheritance, 323

H

HALL, J. O. Address of welcome to Southwestern Society of Orthodontists, 695
HAMILTON, H. B. Lingual lock, 392

HAWLEY, C. A. The use of round wire in bracket bands preliminary to adjusting the ribbon arch, 786
HELLMAN, MILO. Orthodontic nomenclature —A report, 698
HOGEBOOM, FLOYDE EDDY. Practical pedodontia, or juvenile operative dentistry and public health dentistry, 127, 204, 267, 337
HOLDER, HARRY A. Response to address of welcome to the Southwestern Society of Orthodontists, 697
HOWARD, CLINTON C. Radiography in orthodontia as related to impactions, 815
HUMPHREY, WILLIAM R. Class I (Angle) with maxillary incisors occluding lingually to the mandibular incisors in a patient twenty-five years of age (from the practice of Dr. A. H. Ketcham), 724
HYDE, WALTER. Report of case with supernumerary teeth, 218

K

KEENEY, JESSE F. My method of a quick, clean impression for study and work models, using modeling compound, 163
KELSEY, HARRY E. A further consideration of some phases of the treatment of cleft palate cases, 232
— Clinic, 364
KENNON, W. G. Some points of relationship between orthodontia and otorhinology, 387
KETCHAM, A. H. Case indications for the use of some of the more efficient forms of appliances, 677

L

LISCHER, B. E. On new methods of diagnosing dentofacial deformities, 521
LOCKE, JAMES D. Clinic, 802
LOKEY, C. W. Chronic osteomyelitis as a factor in focal infection of dental origin, 656

Mc

MACMILLAN, HUGH W. Interpretation of dental radiographs, 375
MCCARTER, W. A. Extension lock attachment, 389
MCCAULEY, C. M. The peridental membrane from an orthodontic standpoint, 610
MCCOY, JAMES DAVID. Important considerations in retention, 101

M

MARSHALL, JOHN ALBERT. Some biologic aspects of orthodontia, 1
MAUK, E. H. Mutilated arches, 451
MILLBERRY, GUY S. Teaching orthodontia in dental schools, 156
MILLIKIN, JOHN D. Dental radiography, 45

O

OLIVER, OREN A. President's address, 203

P

PITTS, A. T. Irregularity of the incisor teeth caused by two supernumeraries, with results of treatment, 281
POLLOCK, H. C. Elementary orthodontic technic, 38, 166, 367
PORTER, L. J. Producing malocclusion by orthodontic (?) treatment, 333
POSNER, JOHN JACOB. The superperiosteal injection and gentle dental anesthesia, 93
POTTER, H. A. Clinic, 365
PROSEUS, FREDERICK W. The responsibility of the radiographer regarding interpretations of radiograms, 433

R

REPORT OF COMMITTEE on Orthodontic Education, Pacific Coast Society of Orthodontists, 467
RESOLUTION adopted by the American Society of Dental Radiographers, Cleveland, Ohio, September 8, 1923, 312
RICHARDSON, ELIZABETH E. An appliance for elevating impacted molars, premolars and canines, 641
ROGERS, ALFRED PAUL. Coordinating natural and artificial methods of treatment, 63
ROGERS, F. C. Correction of Frenum-Labii by wire extensions from an appliance attached to the teeth, 164

S

SHAW, D. M. Form and function in teeth, and a rational unifying principle applied to interpretation, 703
SHEARER, WALLACE C. So-called surgical treatment of pyorrhea alveolaris, 731
SHEARER, WM. L. "Thoughts"—address to Graduating Class of the International Post-Graduate School of Orthodontia, Kansas City, Mo., 608
— AND TYLER, ALBERT F. Misplaced, unerupted and impacted teeth, 299
SIMON, PAUL W. On gnathostatic diagnosis in orthodontics, 755
SIMPSON, CLARENCE O. The technic of oral radiography, 47, 107, 177, 236, 437, 503, 578, 662, 738
SOLLEY, A. A. President's address, 10
STRULLY, JACQUES M. Uses and abuses of radiology in dental practice, 172
STRYKER, HARVEY A. A practical talk on molar band technic, 621
SUGGETT, A. H. President's address before the Pacific Coast Society of Orthodontists, 541

T

TYLER, ALBERT F. (*See* Shearer and Tyler), 299

W

WALDRON, RALPH. President's Address before the American Society of Orthodontists, 599

WAUGH, L. M. Indirect method of making orthodontic appliances, 219

WENKER, RAYMOND J. Case report, 643

WILLETT, R. C. A technic for making quick setting hard plaster models, 355

WINTER, LEO. Surgical case reports, 424

WIRT, LANDIS H. Problems that arise in the conduct of an orthodontic practice, 394

WISNER, FRANCIS P. Physiology of the alimentary tract as a whole, 615

GENERAL INDEX

A

Abnormalities of teeth and jaws from standpoint of inheritance, 323
Address of Welcome to Southwestern Society of Orthodontists, 695
Advertising, ethics of, 245
Alimentary tract, physiology of, 615
Allergy reactions, 497
Alumni Society of International School of Orthodontia, 187
Alveolar curettage, 587
American Dental Association, 252, 595
Dallas meeting, 821
Libraries Association, 519
Society of Dental Radiographers, 322, 519, 598, 675
resolutions adopted by, 312
of Orthodontists, 125, 254, 386, 450, 753
sidelights on meeting held at Kansas City, 248
Analgesia in oral surgery, 370
Ancestor of man and apes, the common, 672
Anesthesia, dental, and superperiosteal injection, 93
gas-oxygen, for extractions and oral surgery, 805
palatal, 98
Antrum, molar forced into, during extraction, 425
Atrophy of the alveolus paradentitis and pyorrhea alveolaris, 381
Arches, mutilated, 451
Artificial and natural methods of treatment, coordinating, 63
Appliances, case indications for use of some of the more efficient forms of, 677
for elevating impacted molars, premolars, and canines, 641

B

Band technic, molar, practical talk on, 621
Biological aspects of orthodontia, 1
Bone formation, therapeutic measures conducive to, 380
Bracket bands, round wire in, use of, preliminary to adjusting the ribbon arch, 786
Branchial or visceral arches, development of, 137
Breathing, mouth, causes and effects of, 483
British Society for the Study of Orthodontics, 517
Buckley's technic for pulp capping, 272
Building material, 112

C

Canadian Dental Association, 253
Cancer of the mouth, 665
oral sepsis as a predisposing cause of, 587
Canines, molars and premolars, appliance for elevating impacted, 641
Case reports, 356, 362, 643
surgical, 424
teaching at the Harvard Clinic, symposium on the results of, 400
Cavity preparation in deciduous teeth, 204
Chancre of the gum, 243
Chicago Dental Society Annual Clinic and Meeting, 518
Midwinter Clinic and meeting, 753, 824
Child psychology, practical, some notes on, 463
Children, better dentistry for, 244
oral sepsis in, 442
prosthetic appliances for, 337
Class I with maxillary incisors occluding lingually to the mandibular incisors in a patient twenty-five years of age, 724
Cleft palate cases, treatment of, 232
congenital, surgery of, 548
Clinic by Byington, 295
by Kelsey, 364
by Locke, 802
by Potter, 365
Congenital cleft palate, surgery of, 548
Creighton Dental Alumni Association, 675
Cyst of the ramus, 424

D

Dallas meeting of the American Dental Association, 821
Deaner Institute, 321
Decay, where teeth do not, 51
Deciduous molars, use of overlays on, in early treatment of deep overbite cases, 260
teeth, cavity preparation in, 204
economic treatment of, 13
filling materials used in, 210
pulp treatment of, 276
Dental care during prenatal period, 115
caries, ideas on the origin of, 244
disease, relation of faulty diet to, 512
disorders in children, importance of early recognition of, 511
education, facts and questions regarding, 54
hygiene, undeveloped field of, 183
hygienist, value of, to oral surgeon, 42

Dental—Cont'd
infection and internal medicine, relation between, 115
relations of, to nose, throat, and ear, 113
infections, oral and systemic, 112
information, reliable, for the public, 117
nomenclature, 290
practice, uses and abuses of radiology in, 172
prophylaxis, 339
radiography, 45
research at Mellon Institute, 386
roentgenologist, 101
schools, teaching of orthodontia in, 156
Society of the State of New York, 189
surgery and pathology, notes on, (book review), 594
therapy in children, systematized, 794
transitional period, 148
Dentistry and geology, 666
and public health, 340
better, for children, 244
public health, 127, 204, 267, 337
transillumination in, 113
Dentition, from birth to five years, 143
of the Western and Central Eskimos, 52
Dentitional equilibrium, 144
Dentofacial deformities, diagnosing, 521
Diagnosing dentofacial deformities, 521
Diagnosis and treatment of gingivitis, 115
Diet, faulty, in relation to dental disease, 512
Dietary deficiencies, and dental abnormalities, 819
hypotheses, 279
Dispensaries and clinics, 352

E

Eastern Association of Graduates of the Angle School of Orthodontia, 190
Eating, correct, relation of, to good teeth, 316
Economic treatment of deciduous teeth, 13
Education, orthodontic, report of committee on, 467
Elementary orthodontic technic, 38, 166, 367
Embryology, development of the child's head, 129
Endleman's technic for pulp capping, 271
Engstrom record card for notation of orthodontic treatment, 421
Ethics of advertising, 245
Ethylene-nitrous oxide and oxygen anesthesia for extraction and oral surgery, 805
Europe, status of orthodontia in, 589
European Odontological Society, 253
Eskimos, dentition of Western and Central, 52
Exerciser, use of, in orthodontic treatment, 82
Exodontia, accidents and complications in, 651
Expansion arch, 679
Extension lock attachment, 389
Extracting first molars for correction of irregularities of teeth, 382
Extraction wounds, healing of, 665
Extractions and oral surgery, gas-oxygen anesthesia for, 805
Extraoral examinations, radiographic, 236

F

Face elements, formation of, 139
Filling materials used in deciduous teeth, 210
Films, rigid, advantages of, in radiographing the mouth, 309
Fixed removable appliance, 166
Focal infection of dental origin, chronic osteomyelitis as a factor in, 656
theory and malpractice suits, 511
lesions, dental disappearance of disease, after removal of, 442
Food in relation to the use of the teeth and their resistance to dental caries, 51
Form and function of teeth, and a rational unifying principle applied to interpretation, 703
Fractures, compound, of the mandible, simple method of treating, 432
Frenum-labii, correction of, by wire extensions from an appliance attached to the teeth, 164

G

Gas-oxygen anesthesia, for extractions and oral surgery, 805
Geology and dentistry, 666
Gingivitis, diagnosis and treatment of, 115
Gnathostat model, qualities of, 757
Gnathostatic diagnosis in orthodontics, 755

H

Harvard clinic, symposium on the results of case teaching at the, 400
Hook and eye or pin and loop system, 19
Hygienist, dental, value of, to oral surgeon, 42
Hypodermic needle broken in 65 cases of local analgesia, 316

I

Impacted molars, premolars, and canines, appliance for elevating, 641
teeth, misplaced and unerupted, 299
Impactions, radiography in orthodontia as related to, 815
Impression for study and work models, quick, clean method, using modeling compound, 163
Incisor teeth, irregularities of, caused by two supernumeraries, 281
Indirect method of making orthodontic appliances, 219
Infectious diseases originating in oral cavity, combating, 317
Inheritance, abnormalities of the teeth and jaws from the standpoint of, 323

Injection, superperiosteal, and gentle dental anesthesia, 93
Insulin treatment and pyorrhea, 747
Internal medicine, relation between dental infection and, 115
International School of Orthodontia, 124, 519
Interpretation of dental radiographs, 375
Institutes and bureaus, 669

J

Jackson removable appliance, 38
Journalism, a plea for clean, 514
Journal's responsibilities to its readers, 382
Juvenile operative dentistry, 127, 204, 267, 337

L

Life's thrills, 187
Lingual appliance, 680
  lock, 392
Lock, extension, attachment, 389
  lingual, 392

M

Malnutrition and dental defects, 667
Malocclusion, similarity of, in families, 459
Malocclusions, producing, by orthodontic (?) treatment, 333
Malpractice suits, focal infection theory and, 511
Mandible, a simple method of treating compound fractures of, 432
Masseter-temporal exercise in orthodontic treatment, 83
Maxilla, osteoma involving the, 654
Maxillary sinus infections from the standpoint of a rhinologist, 53
Medical aspect of oral diagnosis, 494
Mercurial treatment, necrosis of jaw following, 52
Misplaced, unerupted and impacted teeth, 299
Modeling compound, use of, for impression for study and work models, 163
Models, hard plaster, technic for making quick setting, 355
Molar band technic, practical talk on, 621
  first permanent, 267
Mouth breathing, causes and effects of, 483
  infection and the thyroid gland, 315
Mutilated arches, 451

N

Nasal and oral cavity changes as result of orthodontic treatment, 23
  and pharyngeal infections in relation to orthodontia, 691
National Alumni Chapter of the Psi Omega Fraternity, 518
Natural and artificial methods of treatment, coordinating, 63
Necrosis of the jaw following mercurial treatment, 52
Nervous accidents of dental origin which simulate tetanus, 513
New York Society of Orthodontists, 61, 450, 518, 598, 753
  resolution adopted by, 187
Nomenclature, 749
  dental, 290
  orthodontic, 698
Nutrition, influence of, on the teeth, 512
  in relation to teeth, 278

O

Occlusal views in oral radiography, 107, 177
Occlusion, what is it, 318
Ontario Dental Association, 190
Ontogeny, 150
Oral and nasal cavity, changes as result of orthodontic treatment, 23
  and systemic dental infections, 112
  diagnosis, medical aspect of, 494
  hygiene in Minneapolis public schools, 114
  radiography, technic of, 47, 107, 177, 236, 437, 503, 578, 662, 738
  sepsis as a predisposing cause of cancer, 587
    in children, 442
    in relation to systemic disease, 183, 443
  surgeon, value of dental hygienist to, 42
  surgery, analgesia in, 370
    pain in, 500
    textbook on, 447
Orthodontia and otorhinology, some points of relationship between, 387
  biological aspects of, 1
  importance of radiography in, 567
  nasal and pharyngeal infections in relation to, 691
  peridental membrane from standpoint of, 610
  radiography as related to impactions, 815
  status of, in Europe, 589
  teaching of, in dental schools, 156
Orthodontic appliances, indirect method of making, 219
  education, report of committee, Pacific Coast Society, 467
  nomenclature, 698
  patents and resolutions, 185
  practice, a survey of ten years of, 719
    problems that arise in the conduct of, 394
  technic, elementary, 38, 166, 367
  treatment (?), producing malocclusions by, 333
    nasal and oral cavity changes as result of, 23
    notation of, using Engstrom record card, 421
Orthodontics, gnathostatic diagnosis in, 755
  responsibilities of specialist in, 90
Osteoma involving the maxilla, 654
Osteomyelitis, chronic, as factor in focal infection of dental origin, 656
Otorhinology and orthodontia, some points of relationship between, 387
Overbite, deep, use of overlays on deciduous teeth in early treatment of, 260

Overlays, use of, on deciduous molars in early treatment of deep overbite cases, 260

P

Pain, control of, in oral surgery, 500
Palatal anesthesia, 98
Patents, orthodontic, and resolutions, 185
Pedodontia, practical, 127, 204, 267, 337
Peridental membrane from an orthodontic standpoint, 610
Pernicious anemia, early symptom of, 667
Pharyngeal and nasal infections in relation to orthodontia, 691
Photographic processes, 503, 578
Physiology of the alimentary tract as a whole, 615
Pin and loop or hook and eye system, 19
Plaster models, hard, technic for making quick settling, 355
Practical pedodontia, or juvenile operative dentistry, and public health dentistry, 127, 204, 267, 337
Premolars, molars, and canines, appliance for elevating impacted, 641
Prenatal period, dental care during, 115
President's address before Pacific Coast Society of Orthodontists, 10, 541
before Southwestern Society of Orthodontists, 255
before the Alumni Society of the Dewey School of Orthodontia, 262
before the American Society of Orthodontists, 599
before the Southern Society of Orthodontists, 203
Preventive orthodontia, 14
Principles and technic of oral surgery, 384
Prophylactic fillings in deciduous teeth, 269
Prophylaxis, 339
Prosthetic appliances for children, 337
Psychology, child, some notes on practical, 463
Pterygoid exercise in orthodontic treatment, 83
Public health and dentistry, 340
dentistry, 127, 204, 267, 337
reliable dental information for, 117
Pulp capping in deciduous teeth, 270
treatment of deciduous teeth, 276
Pulpectomy and pulpotomy in deciduous teeth, 270
Pyorrhea alveolaris, a few aphorisms concerning, 380
surgical treatment of, 731
causes of, according to endocrine theory, 317
insulin treatment and, 747

R

Radiograms, responsibility of radiographer regarding interpretations of, 433
Radiographer, responsibility of, regarding interpretations of radiograms, 433
Radiographs, dental, interpretation of, 375
Radiography, dental, 45
importance of, in orthodontia, 566
in orthodontia as related to impactions, 815
oral, technic of, 47, 107, 177, 236, 437, 503, 578, 662, 738
rigid films for, 309
Radiology, uses and abuses of, in dental practice, 172
Ramus, cyst of the, 424
Reimplantation of teeth, new researches into the, 748
Removable appliances, 38
Resorption phenomena, 149
Retention, important considerations in, 191
of Class II and III cases, 647
Retaining plates, 689
Ribbon arch, use of round wire in bracket bands preliminary to adjusting, 786
Rigid films, in radiographing the mouth, 309
Roentgenologist, dental, 101
Root canals, filling material for deciduous, 278

S

Schools, oral hygiene in the Minneapolis public, 114
Sella Turcica, normal and pathological anatomy of, as revealed by roentgenograms, 747
Sex and teeth, 820
Sinus examinations, radiographic, 738
infections, maxillary, from the standpoint of a rhinologist, 53
Southern Society of Orthodontists, 58
fourth annual meeting of, 122
Southwestern Society of Orthodontists, 59
address of welcome to, 695
fourth annual meeting of, 120
response to address of welcome, 697
Specialist, eye, ear, nose, and throat, knowledge of teeth, 315
in orthodontics, responsibilities of, 90
Steroscopic examination, 437
St. Louis Dental Society, 597
Society of Orthodontists, 253
Study Club of Dentistry, 188
Stomatologist, should the, make own radiographs, 242
Stomatology, urinary infections and, 314
Supernumeraries, irregularity of incisor teeth caused by, 281
Supernumerary teeth, report of a case, 218
Superperiosteal injection and gentle dental anesthesia, 93
Surgeon on oral sepsis, 819
Surgery of congenital cleft palate, 548
Surgical case reports, 424
treatment of pyorrhea alveolaris, 731
Systemic disease, oral sepsis in relation to, 183
its relation to oral sepsis, 443
Systematized dental therapy in children, 794

T

Teaching orthodontia in dental schools, 156
Teeth and jaws, abnormalities from standpoint of inheritance, 323
and sex, 820
development of, 140
form and function in, and a rational unifying principle applied to interpretation, 703
reimplantation of, new researches into, 748
supernumerary, report of case, 218
Tetanus, nervous accidents of dental origin which simulate, 513
Therapeutic measures conducive to bone formation, 380
"Thoughts," address to Graduating Class of International Post-Graduate School of Orthodontia, 608
Thyroid gland and mouth infection, 315
Tongue exercise in orthodontic treatment, 83
Tonic exercise in orthodontic treatment, 84
Toothbrush, story of, 668
Tooth extraction, modern practice of, 751
Transillumination in dentistry, 113
Treatment, natural and artificial methods of, coordinating, 63
of cleft palate cases, 232
Treasury, raiding the, 444
Trigeminal neuralgia, more light on, 184

U

Undergraduate and graduate instruction, 473
Unerupted, misp'aced, impacted teeth, 299
Urinary infections and stomatology, 314
"Us kids have all the trouble," 752

EDITORIALS

A journal's responsibility to its readers—extracting first molars for the correction of the irregularities of the teeth, 382
A plea for clean journalism, 514
Institutes and bureaus, 669
Modern practice of tooth extraction, 751
Nomenclature, 749
Notes on dental surgery and pathology, 594
Occlusion: What is it? 318
Oral surgery, 447
Orthodontic patents and resolutions, 185
Raiding the treasury, 444
Reliable dental information for the public, 117
Some facts and questions regarding dental education, 54
The common ancestor of man and apes, 672
The ethics of advertising, 245
